

Rubber Hose Assemblies

HOSE 3133	Specification Reference: None
Temperature Range:	-40 to +160°F (-40 + 71°C)
Reinforcement:	Braid of Para-aramid fiber (Kevlar™)
Inner Tube:	Seamless EPDM compounded inner tube
Description:	High pressure pneumatic aircraft systems
Application:	High pressure, low temperature pneumatic systems such as inflation systems, rafts, lifeboats, slides
Additional Info:	Developed for Bell Helicopter originally for floatation gear (offshore drilling rigs)
